# POWER PROTECTION

## BATTERY BACKUP SYSTEMS

**BATTERY BACKUP SYSTEMS** in new, sleek, compact design. Protect computers and other sensitive electronic equipment from power failures, brownouts and AC transients. Units feature audible alarm, and line/battery indicator lights. 2 year warranty.

- Larger batteries provide longer backup times
- Brownout protection at 103 VAC
- Built-in spike, line noise and RFI/EMI filtering
- Phased, synchronized 2ms switching
- Slimline unit (#CP-350) in a sleek, under-monitor design
- All models suitable for LAN applications

**NEW**

NOVELL LABS  
**TESTED AND APPROVED**  
Network compatible

**OMNIPOWER** units have all features of standard battery back-ups plus a voltage regulator to keep you up and running during brownouts, without draining your battery. OMNIPOWER

actually corrects brownouts by raising the input voltage to a safe 120 VAC output. This conserves battery power for true blackout conditions. Available in 450 and 1200 watts (OMNI-450 is LAN compatible). 2 year warranty.

- Voltage regulation from 87-140 VAC within ANSI C84.1 specifications
- Complete blackout protection and brownout correction

**APPLICATIONS:**

- 200 WATTS FOR YOUR PS/2, MAC SE, STAND ALONE PC
- 325 WATTS FOR YOUR PS/2-30, PS/2-50, XT AND COMPATIBLE
- 450 WATTS FOR YOUR PS/2-50, 286, XT AND COMPATIBLE
- 450 WATTS LAN FOR YOUR LAN WORKSTATION, PS/2-60, 386
- 750 WATTS FOR YOUR PS/2 70 & 80, AT AND COMPATIBLE
- 750 WATTS LAN FOR YOUR LAN FILE SERVERS AND LAN WORKSTATION
- 1200 WATTS LAN FOR YOUR MULTIPLE LAN WORKSTATION
- 2000 WATTS LAN FOR YOUR MINI
- 4000 WATTS FOR YOUR AS/400

**BATTERY BACKUPS**

MODEL NO.	WATTAGE
#BC-200	(200 watt)
#BC-325	(325 watt)
#CP-350	(350 watt, low-profile design)
#BC-450	(450 watt)
#BC-450 LAN	(450 watt w/LAN connector)
#BC-750	(750 watt)
#BC-750 LAN	(750 watt w/LAN connector)
#BC-1200 LAN	(1200 watt w/LAN connector)
#BC-2000 LAN	(2000 watt w/LAN connector)
#BC-4000	(4000 watt)

**OMNIPOWER**

#OMNI-450 LAN	(450 watt)
#OMNI-1200	(1200 watt)

**LAN SOFTWARE**

MODEL NO.	APPLICATION
#73-660	(Novell Network 286, 2.1 and higher)
#73-663	(Novell Network 386, 3.0 and higher)
#73-661	(MS-DOS)
#73-662	(UNIX/XENIX)

**BATTERY BACKUPS FOR MINI SYSTEMS** offer reliable operation at a very low cost per watt. BC-4000 provides 208/240V input, 120/208/240 output with twist lock receptacles. LAN compatible. 2 year warranty.

**LAN DESIGNATED MODELS** feature all the benefits of our other battery backups, as well as interface port and cabling to support your network's UPS monitoring function for orderly, unattended shutdown. Approved for use with NOVELL, ALTOS, 3 COM, UNIX and others. 450, 750 1200 and 2000 watt models available. 2 year warranty.

**LAN SHUTDOWN SOFTWARE AND INTERFACE CABLING** work with the battery backup to provide an orderly, unattended shutdown. Cabling available for all network systems.

**NEW**

## LINE CONDITIONERS/STABILIZERS

**TRIPP LITE LINE CONDITIONERS** maintain a constant voltage level during fluctuating voltages, providing your equipment with a safe 120 VAC output. Automatically adjust varying input voltages and provide spike, line noise and RFI/EMI filtering. Seven models to choose from,

including rack-mount and 208/220/240 VAC models. LED input voltage display on 1800 watt models and above. UL listed. 2 year warranty.

- Voltage regulation from 87 to 140 VAC
- Complies with ANSI-C84.1 specifications
- 600, 1200, 1800, 2000 and 2400 watt models
- Larger models feature full ISOBAR surge suppression
- Rack-mount model has 14 outlets; ideal for sound & industrial uses

**NEW**

MODEL NO.	WATTAGE
#LS-600	(2 outlets, 600 watts)
#LS-604	(4 outlets, 600 watts)
#LC-1200	(4 outlets, 1200 watts)
#LC-1800	(6 outlets, 1800 watts)
#LC-2000	(7 outlets, 2000 watts, 208/220/240 VAC, 50/60 Hz.)
#LC-2400	(6 outlets, 2400 watts)
#LCR-2400 Rack-mount	(14 outlets, 2400 watts)

## POWER CONTROL CENTER

**COMMAND CONSOLE** features ISOBAR protection in a console design that fits under your monitor. 5 switched and protected outlets and one master switch. Sturdy metal casing. Also available with 2RJ11 plugs for modem/fax/telephone line protection. Lifetime warranty.

MODEL NO.	FEATURES
#CCI-6	(6 outlets, 6' cord)
#CCI-6-plus	(6 outlets, w/2RJ11 plugs)

## ISOBAR SURGE SUPPRESSORS

**ISOBAR** is the most advanced surge suppressor available today, and the only one with isolation—preventing connected equipment from interacting with each other. Only ISOBAR provides:

- 21 active electronic filtering components
- Multiple filtering components safeguard against equipment interaction
- Superior RFI/EMI noise suppression
- "Cascade Circuitry" to offer various levels of protection
- Surge suppression up to 13,000 amp spikes
- UL 1449 approved; meets UL 1283 and UL 1363
- Meets IEEE 587A&B specifications
- Rack mount model (#IBR-12) for industrial and sound applications.
- 20 amp ISOBLOK (#IB-2-P20) ideal for larger copiers

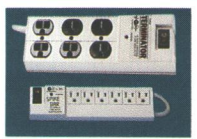

**GOLD SEAL WARRANTY**

MODEL NO.	WATTAGE
#IB-2-0	(15 amp, direct plug-in)
#IB-2-P20	(20 amp, direct plug-in)
#IB-2* GS	(2 outlets, 6' cord)
#IB-4*GS	(4 outlets, 6' cord)
#IB-6*GS	(6 outlets, 6' cord)
#IB-8*GS	(8 outlets, 12' cord)
#IB-8RM	(8 outlets, 12' cord with remote power switch)
#IB-4/220	(4 outlets, 220 V.)
NEW! #IBR-12	(12 outlets, Rack-mount)

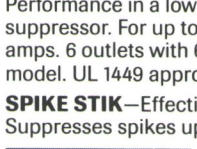

#PP-2-0	(2 outlets, direct plug-in)
---------	-----------------------------

**\*GOLD SEAL WARRANTY:**  
Tripp Lite will not only replace a failed Gold Seal product but also the protected equipment. CALL FOR DETAILS.

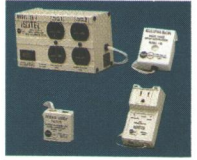

## ECONOMY SURGE SUPPRESSORS

**TERMINATOR**—Mid priced surge suppression with RFI/EMI filtering. For up to 13,000 amp spikes. Lighted On/Off switch, UL 1449 approved. 2 year warranty.

**SPIKE BAR/SPIKE BLOK**—Performance in a low cost spike and line noise suppressor. For up to 140 joule spikes/9500 amps. 6 outlets with 6' cord or direct plug-in model. UL 1449 approved. 2 year warranty.

**SPIKE STIK**—Effective spike suppressor. Suppresses spikes up to 6500 amps. UL 1449 approved. 1 year warranty.

**MODEM/FAX SURGE SUPPRESSORS**—Protect modems, phones, faxes from line spikes that can damage equipment and garble data.

MODEL NO.	WATTAGE
#TR-6	(6 outlets, 6' cord)
#SK 6-6	(6 outlets, 6' cord)
#SK 6-0	(6 outlets, wall-mount)
#STIK	(6 outlets)

MODEL NO.	WATTAGE
#ISOTEL	(4 outlet, 6' cord)
#SMP-GS*	(1 outlet, 2RJ11 plugs)
#TSB	(2RJ11 plugs)
#MP	(2RJ11 plugs)

- **#ISOTEL**—4 outlet ISOBAR with 2RJ11 plugs for telephone line protection. Lifetime warranty.
- **#SMP-GS**—1 AC outlet, 2RJ11 plugs, direct plug-in. Gold Seal Warranty.
- **#TSB**—Premium 3 stage, data line protection. 2 year warranty.
- **#MP**—Economical data line protection. 2 year warranty.

**POWER PAUSE**  
Power Pause surge suppressor waits until AC voltage stabilizes before connecting plugged-in equipment. Features spike, line noise and RFI/EMI noise suppression. 2 year warranty.

**NEW**
