

ACER LP-75

▶ The ACER LP-75 is beautiful proof that a desktop laser printer can be loaded with highly advanced features, yet still be highly affordable.

▶ It's fully compatible with the HP line of LaserJet printers, including the new Series II. So you gain access to the wide range of software and third-party fonts developed for the HP line.

▶ You also gain superior performance. The LP-75 has three times as much memory on board — 1.5MB of RAM.

Plus a higher-resolution, 300 × 300 DPI graphics capability built in. Enabling you to print a full page of exquisite graphics in one feed.

Without the need of costly upgrades.

▶ The LP-75 is truly versatile, as well. It comes with 9 built-in fonts, more than enough for most any letter—or document—printing requirement. It also offers vector graphics capability, making it ideal for CAD/CAE applications.

And, thanks to its more efficient controller design,

the LP-75 prints text and graphics on the same page much faster than other comparable printers.

▶ All of which proves that there are no printers comparable to the LP-75. But that's not surprising when you consider that it comes from Acer, a company with years of experience in designing, building and supporting high-performance computer products. At anything but high prices.

ACER

SPECIFICATIONS

► MACHINE TYPE

Desktop laser printer

► COMPATIBILITY

Compatible with the Hewlett-Packard LaserJet Plus and LaserJet Series II

► SPEED

Up to six pages per minute — throughput is application dependent

Warm-up time less than 45 seconds from power-up

► PRINT QUALITY

Text — full page 300 × 300 dots per inch

Raster graphics — full page 300 × 300 dots per inch

Forms design — rules, gray shading and patterns

Vector graphics

► PRINT DIRECTION

Both portrait and landscape

► PAPER SPECIFICATIONS

Sizes — letter, legal, half, A4, A5, B5

Weights — 16 to 24 lbs for automatic feed;

16 to 34 lbs for manual feed

Media types — plain paper, envelopes, labels, overhead transparencies, colored paper

Capacities — input: 150 sheets at 20 lbs standard paper

With optional tray, additional 250 sheets at 20 lbs paper for 400 sheets total

output: 150 sheets at 20 lbs standard paper

Collation — correct order or reverse order

► MEMORY

Built-in — 1.5MB standard expandable to 2MB total

► INTERFACES

Centronics parallel and RS232C/RS422 standard ports

► PHYSICAL CHARACTERISTICS

Dimensions — 8.07"(H) × 16.06"(W) × 16.45"(D)
20.5cm(H) × 40.8cm(W) × 41.8cm(D)

Weight — 37.5 lbs (17kg), including paper tray, delivery tray, drum cartridge and toner cartridge

► FONTS

Downloadable fonts — up to 32 resident at one time

Number of fonts printed per page — up to 16

Resident — 9 fonts

Typeface	Point	Symbol Set	Orientation
Courier	12	Roman 8	Portrait
Courier	12	USASCII	Portrait
Courier	12	Roman Ext.	Portrait
Courier	12	Roman 8	Landscape
Courier	12	USASCII	Landscape
Courier	12	Roman Ext.	Landscape
Line Printer	8.5	Roman 8	Portrait
Line Printer	8.5	USASCII	Portrait
Line Printer	8.5	Roman Ext.	Portrait

► ENVIRONMENTAL SPECIFICATIONS

Operating sound level — 52 dBA

Standby sound level — 45 dBA

Operating temp. — 50 F to 90 F

Operating humidity — 20% to 80%

Storage temp. — 20 F to 109 F

Storage humidity — 10% to 90%

► POWER REQUIREMENTS

Voltage — 120 Volts AC

Frequency — 50/60 Hz

Power consumption — less than 600 Watts

► OPTIONS

LP-75 cartridge fonts

SoftFont Library

Utility diskette with manual

250-sheet paper tray

RS232C/RS422 printer cables

Centronics parallel printer cables

512KB memory upgrade kit

LP-75 Technical Reference Guide

► ENGINE RELIABILITY/DURABILITY

Designed duty cycle — 3000 pages per month

Durability — 180,000 pages or 5 years

MTBF — 3,000 hours

► CONSUMABLES LIFETIME

Toner cartridge — 1,500 pages

Drum cartridge — 20,000 pages

Cleaning unit — 10,000 pages

► SAFETY AND ENVIRONMENT COMPLIANCE

UL

FCC — FCC Class B

CSA

► WARRANTY

One-year limited warranty
