#Hamburgevons: It was a dark and stormy night when this story began. The quick brown fox jumped over the lazy dog many times, but was the dog really lazy? No! The story never told of when the dog would (sometimes) get up and trip the fox. The quick fox never quit trying because he knew that one misses 100% of the shots not taken. Many foxes get knocked down -- and lots of them dust themselves off and keep trying -- but only the truly brave ones know when it's time to get back up and come to the aid of their country. Now our quick fox is getting some needed brown R&R because the typing is on the paper. @ECHO 097
