

Introducing
Toshiba's
T1100 PLUS
Portable
Computer.

This Is One Time.
IBM's Size Is Not
An Advantage.

When it comes to a portable computer, smaller is better.

That's one reason the new dual disk drive Toshiba T1100 PLUS has it all over the IBM PC Convertible.¹

But our new portable PC is not only smaller than the IBM. It's also lighter. And more powerful.

How much smaller? A full 20%. And theirs weighs 12.2 pounds. Ours is under 10 pounds.

And with the IBM portable computer, if you want serial and parallel ports or a CRT port, you have to add add-ons. Which makes it even bigger and heavier. And more expensive.

With the T1100 PLUS, the serial, the parallel and the CRT ports are standard built-in features. Simple mathematics tells you which portable is more portable. And more affordable.

WE TAKE THE PORTABLE PC TO A HIGHER POWER.

Before we go any further, we have to tell you there is one thing about the T1100 PLUS that's bigger than the IBM portable. Its maximum memory capacity. Ours is 640K of RAM. Theirs is only 512K of RAM.

Now we can tell you that the T1100 PLUS is faster than the IBM. Our 80C86 microprocessor lets you zip through work at up to twice the speed.

ANOTHER CLEAR ADVANTAGE.

The Toshiba T1100 PLUS uses a high-contrast, high-resolution LCD display screen. It shows 25 lines by 80 characters of text with 640 x 200 resolution, tilts to any convenient viewing angle and folds flat when you use a CRT monitor.

The IBM portable also uses an LCD display screen. But it doesn't have

as much contrast. It doesn't tilt to as many convenient angles. And you have to pull it off to hook up another monitor.

ONE MORE THING THAT MAKES US EXCEPTIONAL.

Of course, the Toshiba T1100 PLUS is fully IBM-compatible. So you can run popular software like Lotus 1-2-3², WordStar³ and dBASE III⁴.

And, as we mentioned, it has two built-in 720K 3.5" disk drives. It also has an optional 1200-baud Hayes⁵-compatible internal modem and runs on built-in rechargeable batteries. Just like the IBM portable.

But should either stop running, only Toshiba guarantees you overnight delivery of a replacement while your T1100 PLUS is being fixed. It's all part of our "Exceptional Care" program.

To find out more about the T1100 PLUS, call 1-800-457-7777 for the name of the Toshiba dealer near you. And see why being small is going to make us one of the biggest names in PCs.

In Touch with Tomorrow
