RESPONSIBILITY...PROTECTING VALUABLE INFORMATION

Personal computers play leading roles in making business decisions. With this role comes the greater responsibility of protecting and communicating this information. Losing valuable files can be disastrous. And—reliable exchange of information is often impossible to achieve. The price of this responsibility has exceeded the benefits—until the ARCHIVEXL!

The ARCHIVEXL is the total solution for protecting your valuable hard disk information. The ARCHIVEXL uses the QIC-40 — the compatibility standard to guarantee that data can be exchanged between all PC's regardless of manufacturer!

The ARCHIVEXL provides the performance of more expensive back-up solutions at an affordable price. The ARCHIVEXL comes complete. Everything you need for reliable file and directory back-up is included.

The ARCHIVEXL simple, powerful, dependable and most important— *Affordable.*

THE ARCHIVEXL SOLUTION

- **ARCHIVEXL Tape Drive.** 40 megabytes and more. The QIC-40 format ensures file and directory compatibility. Extensive error recovery. Users can expect to read more than 300,000 cartridges error-free. Installs on existing floppy disk controller. No system reconfiguration.

- **QICstream Software.** Powerful and simple. Uncomplicated menu selections with help screens. All popular directory and file back-up and restore options.

Unattended operation. Minimal system overhead. Color or Monochrome. Designed for flexibility and ease of use.

- **Installation Guide.** Step by step instructions for installing the ARCHIVEXL in IBM PC/XT, AT and compatibles. With illustrations.

- **QICstream Software Guide.** QICstream reference and operation guide. Screen displays and illustrations. Easy to follow and understand.

- **Mounting Rails.** For installation in IBM PC/XT, AT, and compatibles.

- **Color-Keyed Bezel.** IBM grey and black front plates. Easy to switch.

- **3½" or 5¼" Form Factor.** Designed for today's 5¼" half-height PC peripheral needs and tomorrow's 3½" PC peripheral requirements.

- **ARCHIVEXL External Accessories.** Allows easy external attachment of ArchiveXL tape drives and convenient sharing among PCs.
